Managing a school system of over 2000 students is not an easy job. Tackling the many problems of this tremendous task with a smile and a warm greeting for everyone, Mr. Rankin, Superintendent of Schools, is a friend to all.

Edward Devlin
Principal

The office of the Principal is indeed a place of goodwill and harmony for the pupils of Medina High School. Mr. Devlin is the man to whom everyone has turned for assistance at one time or another in his high school career.

Mildred Wagner, Melsa Clapp, Elsie Quintern.

Like any business, education requires a staff of competent, behind-the-scene personnel. The students of Medina High School are proud of these friends and want to give them their sincere recognition for the long, tiresome hours spent on the job.

GUIDANCE AND CURRICULUM

At one time or another every student in Medina High School feels the need for the friendly advice and assistance he knows is available in the guidance office. These students face graduation and the future with assurance as a result of the aid offered by these understanding advisors.

One of the many duties of **Mrs. Hinckley,** Guidance Director, is helping students prepare their three-year plans.

"Let's see if we can fit you in fifth period," says **Mr. Parsons,** Guidance Assistant.

Miss Dahlquist, Guidance Assistant, helps many of the seniors decide what to do after June 25.

As curriculum coordinator, Mr. Wise performs many valuable services for the faculty and students of Medina Central School.

VOCATIONAL

Selecting the pattern

Cutting the pattern

The vocational subjects—shop, agriculture, and homemaking—help prepare many students for life after graduation. In shop, boys become proficient in the use of lathes, grinders, and other machines. They also learn the fundamentals of printing and ceramics. Agriculture teaches many boys better farming methods by observation and actual experience. Homemaking stresses the importance of a proper diet, well-prepared meals, and good grooming as well as the other techniques necessary for tomorrow's homemaker.

That on some solemn shore
Beyond the sphere of grief
Dear friends shall meet once more.

Malte Scores 26 Points

The "red hot" Medina Mustangs won their tenth league game Friday ... The Mustangs remained one game behind the league leaders.

Dick Malte led the Mustangs in the scoring column with 26 points. He sank 18 points from the free-throw line. "Zip" Bramer scored 20 points as he couldn't miss from the outside with his one-hand push shot. Again Dick Zielinski and Dick Malte controlled both offensive and defensive boards.

In the first period both teams were slow to start. But during the second quarter Dick Malte became hot from the foul line as he scored 10 points. The Mustangs controlled the rest of the game as Akron only threatened in the last few minutes. "Moe" Siedlecki put out the fire with a fabulous dribbling exhibition in the last few minutes. The Mustangs to date have won 10 while losing only five.

The individual scoring was as follows:

	G	F	T
Siedlecki	4	2	10
Bramer	10	0	20
Malte	4	18	26
Short	3	0	6
Zielinski	1	0	2

A larger-scale program and pa- ... ile instead of private schools was the main difference in our educational system noticed by Mrs. Mary McCormick of Perth, Australia, a recent visitor to Medina High School. She also mentioned that Australians were much more sports-minded than Americans.

Mrs. McCormick is the guest of Mr. Anthony Napoli, proprietor of the "Club 31", whom she met while he was stationed in Perth during World War II. She was invited by Mrs. Katherin Bartlett to visit the school where she talked to the social living and homemaking I classes and the Leisure Time, Future Teachers, and Junior Girls Clubs.

Mrs. McCormick will leave for California on the 10th and sail for home on the 15th.
